The Company's central office can maintain 8 hours, plus or minus 15 percent, of battery reserve rated for peak traffic load requirements, and a permanent auxiliary power unit is installed or a mobile power source is available which can be delivered and connected within four hours. The Company has battery backup at all office locations and in its electronic equipment sites capable of running for a minimum of 8 hours, plus or minus 15 percent. Length of run time is determined by the equipment serving the area and the

number of customers working out of the equipment. Generators are installed at twenty-two of the thirty-one Central Office locations with a mobile power source available at the other nine Central Office locations within four hours. They will continue to run as long as the Company has access to fuel. The Company tests the batteries at least once per year.

Section 3: 54.313(a)(9)(i) A Needs Assessment and Deployment Planning

NDTC staff has taken every opportunity to engage Tribal Leaders. An NDTC Account Executive has been in contact with business leaders regularly to meet their communication needs. All Tribal leaders and business managers are aware of NDTC and the staff they can reach in order to add, change or remove services as needed.

As Tribal leaders and anchor institutions contact NDTC or NDTC finds out about new or changing situations, NDTC has been responsive in adding facilities to meet current and future needs. All new installations are completed using fiber optic facilities.

Today, all of NDTC's central offices that are located on the Spirit Lake Reservation are digital remotes of a Genband C-15 Softswitch located in Devils Lake, ND. Each central office is located on redundant fiber optics route that will remain in service in the event of a cable cut or equipment failure. The Tribally owned Spirit Lake Casino is also served by redundant fiber optics routes.

NDTC is actively placing fiber optics within the Spirit Lake Reservation as needed. NDTC has deployed fiber optics to the following locations to meet their service needs. They include:

- Four Winds School in Fort Totten
- Chandeska Chikana Community College in Fort Totten
- Sioux Manufacturing Corporation in Fort Totten
- Warwick Public School in Warwick
- Spirit Lake EMS in rural Fort Totten
- Crowhill rural cabinet to supply broadband in the Crowhill area

Section 4: 54.313(a)(9)(ii) Feasibility and Sustainability Planning

As stated above, NDTC is in regular contact with Tribal entities. As NDTC's needs are met in and around Tribal areas, the immediate and future needs are considered in planning and completing facility additions.

Current NDTC facilities in Tribal areas are sufficient to handle the current needs. In any event there is need for new or added capabilities; terrain, remoteness, and poverty are not issues to be considered. No Tribal areas are further than approximately 1 mile from existing facilities. Terrain is not an issue

when it comes to the services that NDTC provides. Poverty is not an item used in any way to determine type or size of facilities to be installed.

In 2012, NDTC invested approximately \$30,000 in new or existing outside plant construction. Investments were used to provide services to old and new locations, along with cable replacements to accommodate road raises due to area flooding. In addition, NDTC has invested \$43,000 in improvements and upgrades to our central offices that serve the Spirit Lake Reservation.

Section 5: 54.313(a)(9)(iii) Marketing Services in a Culturally Sensitive Manner

All marketing and promotions for NDTC services include all exchanges including Tribal lands. NDTC provides customer service, technical assistance and business sales services when requested by our customers. Voice telephone service is available to 100% of Spirit Lake Tribal Lands and NDTC has the ability to provide broadband to 98% of the Spirit Lake Nation. During our engagement with the Tribal leaders, any discussions regarding voice and broadband services were positive.

NDTC has provided \$500 in donations to the Spirit Lake Community during 2012. Also, in coordination with OPATSCO, NDTC nominated the Four Winds Community High School on the Spirit Lake Nation Reservation and was awarded a FRED (Foundation for Rural Education and Development) Technology Grant in the amount of \$5,000. NDTC provided over \$122,000 in security cameras, phone systems, network wiring and installation sales to the Spirit Lake Nation Community and Anchor Institutions during 2012.

North Dakota Telephone Company publicizes LifeLine and LinkUp in a manner that will reach those likely to qualify by publishing announcements, materials, and advertising utilizing Newspapers, Radio Announcements, Local Access Channel, NDTC Telephone Directory, NDTC newsletter and on our website. Brochures and posters of LifeLine and LinkUp are distributed at the Social Services Office and Schools on the Spirit Lake Nation.

Section 6: 54.313(a)(9)(iv) Rights of Way Processes, Land Use Permitting, Facilities Siting, Environmental and Cultural Preservation Review Processes

NDTC representatives met with Spirit Lake Right of Way Department to discuss any concerns with work completed by NDTC on Tribal Lands in 2012. The Right of Way personnel indicated NDTC was in compliance in 2012.

NDTC will continue to work with tribal representatives as needed to meet their telecommunication needs while being in compliance with all permitting rules.

Section 7: 54.313(a)(9)(v) Compliance with Tribal Business Licensing Requirements

NDTC has a Certification of Public Convenience and Necessity for Fort Totten and surrounding rural areas on file with the North Dakota Public Service Commission. NDTC is compliant with existing Tribal Licensing requirements. NDTC currently holds a valid Spirit Lake Business License.
